Conceptual Physics (11th Edition)

By Hewitt, Paul G.

Addison-Wesley, 2009. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service!
 Summary: Brief Description: Since defining this course 30 years ago, Paul Hewitt's best-selling book continues to be the benchmark book that two-thirds of professors use and by which all others are judged. In Conceptual Physics, Eleventh Edition Paul Hewitt shows how a compelling book and the most advanced media can be integrated to empower professors as they bring physics to life for non-science majors, both in and out of class. For the Eleventh Edition, Hewitt helps readers connect physics to their everyday experiences and the world around them, and provides additional help on solving mathematical problems. Hewitt's book is famous for engaging readers with analogies and imagery from real-world situations that build a strong conceptual understanding of physical principles ranging from classical mechanics to modern physics. With this strong foundation, readers are better equipped to understand the equations and formulas of physics, and are motivated to explore the thought-provoking exercises and fun projects in each chapter. The new edition features a fresh new design, content that is more focused on physics applications, and updated pedagogical features. Key Topics: About Science, Newton's First Law of...
