What does it take to follow your dream Quite a bit, if your dream involves crossing Africa. That's what one couple discovers when they set off on a seven-month overland journey from London to Cape Town. As dedicated independent travelers, they'd already traveled around the world. But was a trans-African odyssey too much for even them Who do you cadeau How do you create tantalizing dishes from grubs Or avoid having a spear tossed through your camera With trepidation, they join an English do-it-yourself overland safari. Flung into the midst of twenty odd companions, they're shocked to discover that many of them have never even camped before. And the guides know Africa as well as the dark side of the moon. After their dream turns into a nightmare, they eventually set off across Africa-alone.
